

THE PLANT-BASED PROTEIN SPECIALISTS.

There's never been a better time to consider plant-based meat alternatives.

Especially since Hela has done all the hard work for you.

Introducing the Hela range of plant-based protein ingredient systems.

Harnessing the expertise of our global team of food scientists, chefs and flavourists, Hela has created a highly versatile ingredient system which delivers superior meat-free product directly into your hands.

Regardless of your existing infrastructure or capacity, our application specialists will work with you to customise the product range to suit both your manufacturing environment and required product outcomes. **Only Hela can deliver a system that meets your requirements so quickly and easily.**
